Robert Darlington

Cartography | **GIS** | **Geography** | **Photography**

Hello! My name is Robert Darlington and I 'd like to suggest to visit my website. It gives a very clear picture of everything I care about and work on. You'll find everything there, from my work in Belize to help the community better manage the coastal debris through mapping, interviews, and working with community members, to my college capstone of looking into nutrient loading into Lake Mendota, to my other projects.

Education

University of Wisconsin – Madison   **2015-19**
College of L&S - Dept. of Geography

Cartography/GIS and Geography
Certificate in Environmental Studies

Dean's List & GPA 3.734

Experience

Cartographer   **2016-Present**
Cartography Lab - UW Madison

I work on a wide variety of projects depending on the needs of clients, such as a world political map, guide book or a textbook.

NSF Scholar   **2018**
NSF REU Site - U of Central Florida and Belize

This summer I had the amazing experience of being a citizen science intern. My team focused on mapping coastal debris along the beaches of Hopkins, Belize. I lived there for a month and gained invaluable skills and a new outlook on maps and their impact in the world.

Cartographic Teaching Aid   **2018**
Nuclear Engineering Dept. - UW Madison

I aided in teaching and assisting with the cartographic aspects of a Nuclear Engineering course (NE 571). In relation, I also worked on an atlas of nuclear reactors for an overall view of the nuclear story.

Data Manager   **2016**
State's Cartographer's Office - UW Madison

I worked on filing the meta-data in regards to Wisconsin counties to help with the large volume of data to process each year.

Campground Work   **2015-16**
Jellystone's Campground - Warrens, WI

I fulfilled this position over past summers as I bettered my skills such as customer service and being apart of a working team.
